Going Places

"Going Places and Getting There" was the topic of conversation held by Mary Montgomery students this year. Students set goals, met standards, and progressed forward.

On August 24, 1981, students began "Going Places." They were "Going Places and Getting There" by buses, cars, motorbikes, helicopter, and by foot. Approximately ninety percent of all Mary Montgomery students were transported to school by bus in 1981-82. The other ten percent either arrived by car, motorbike or on foot.

Sophomores, Juniors, and Seniors were returning to their familiar stomping grounds.

Freshmen were excited and fearful of a new place that would soon feel like home.

Dedication

The VALHALLA Staff would like to dedicate this yearbook to Miss A. Eloise Foster, a lady with many talents in different fields.

Miss Foster received her B.S. degree at the University of Montevallo. She was yearbook advisor of the MOHIAN at Murphy High School, then ventured on to Montgomery High and has now put out her twenty-seventh yearbook.

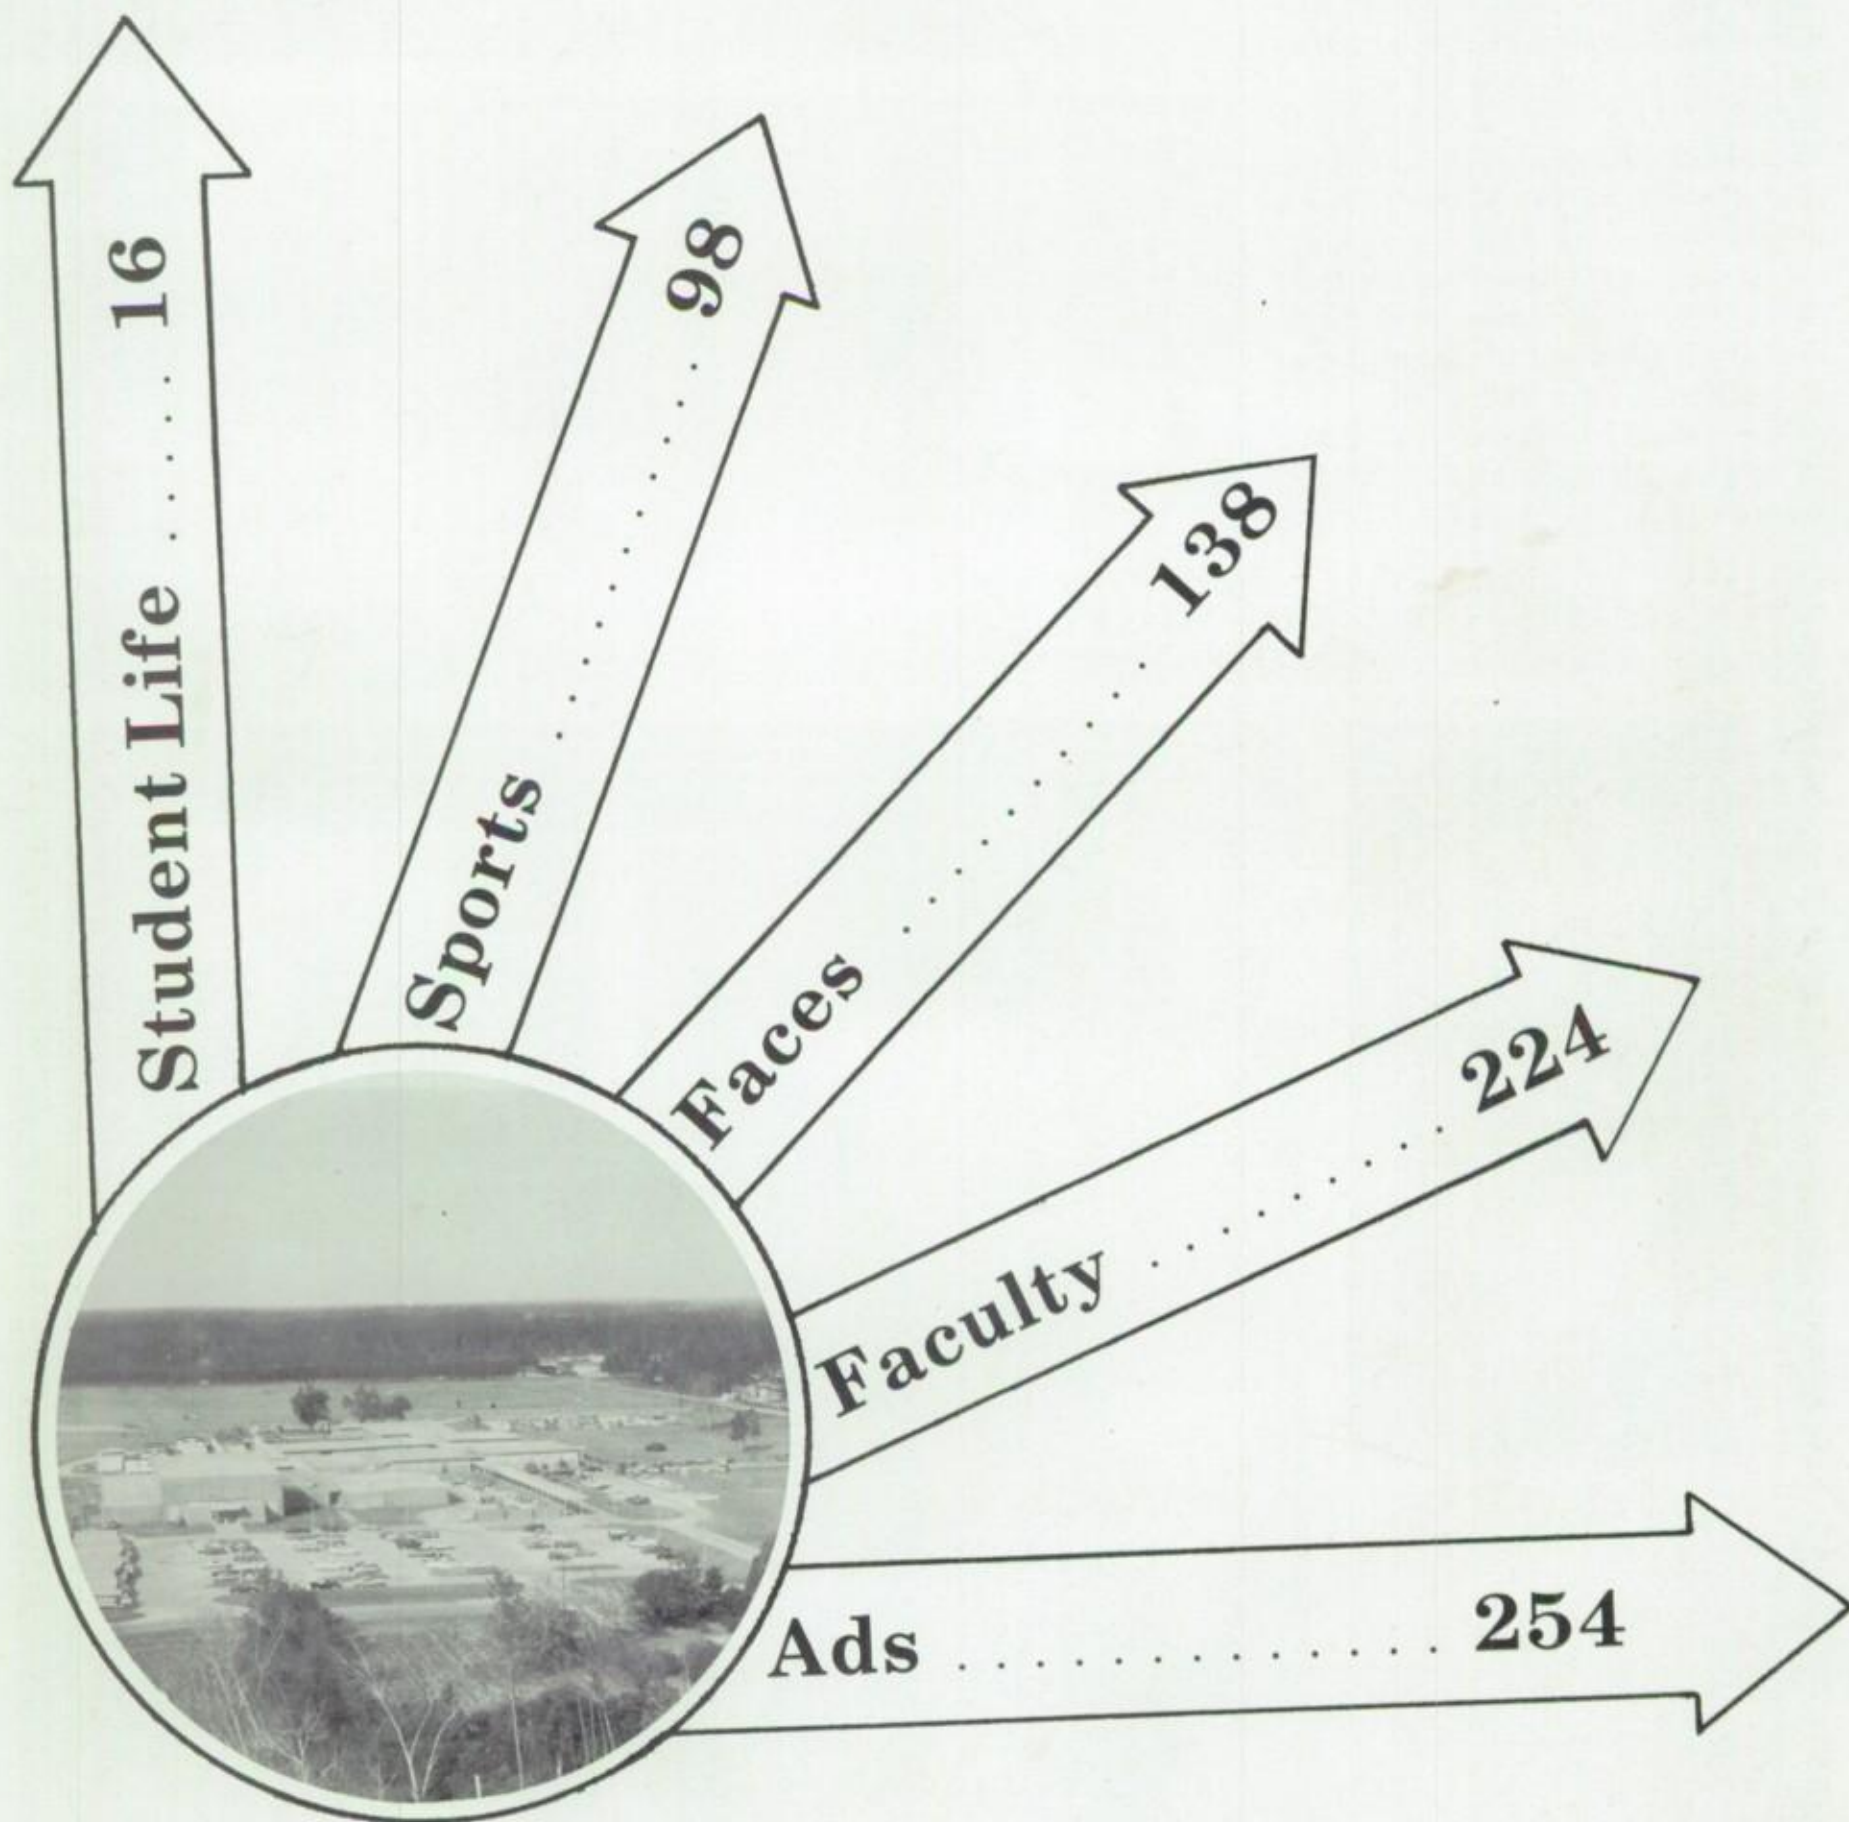

Not only has Miss Foster been a yearbook sponsor, but she has been head of the Physical Education Department, Physical Education teacher, and Coach of the Girls' Track Team.

Outside of school activities, Miss Foster handles the Community Education Program, and is on the Girl Scout Board.

We would like to say, "Thanks, Miss Foster, just for being the person you are!"

“Going Places and Getting There”

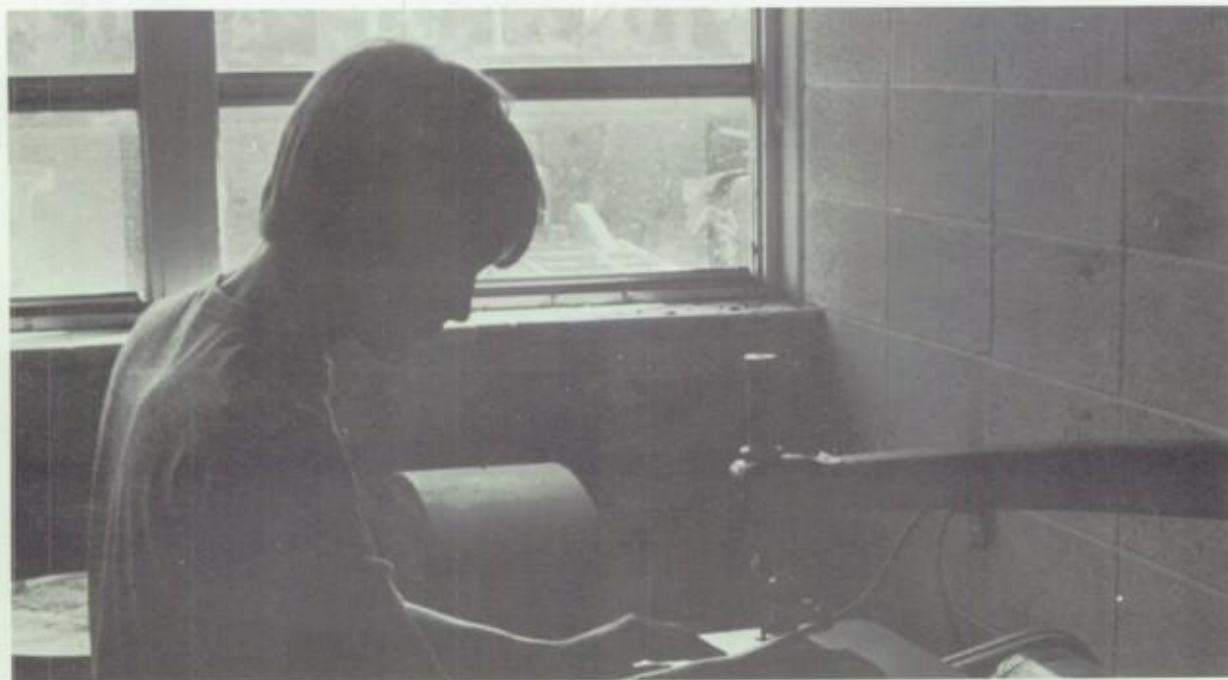

Registration

Lining up once again for a year of following rules, getting up early, studying, enjoying friends, and "Going Places" were the activities enlightening students as they engaged in registration. Filling out forms, picking up yearbooks, and learning a new schedule were all a part of registering for the 1981-1982 school term. The cheerleaders, yearbook staff, and Vica members were of assistance to the office staff in making registration go smoothly. They helped issue books, sell gym suits and jackets, and run errands. The day was casual and school rules were not yet fully enforced.

Students enjoyed participating in various activities as well as clowning around while "Going Places and Getting There."

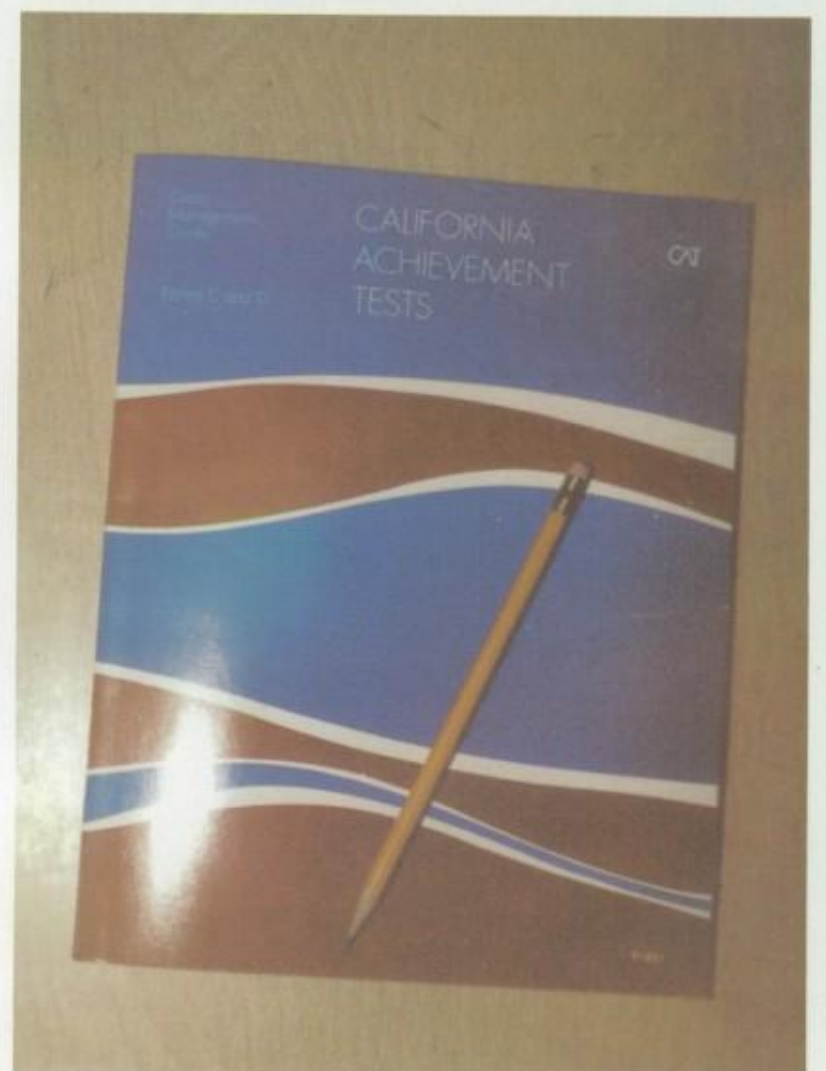

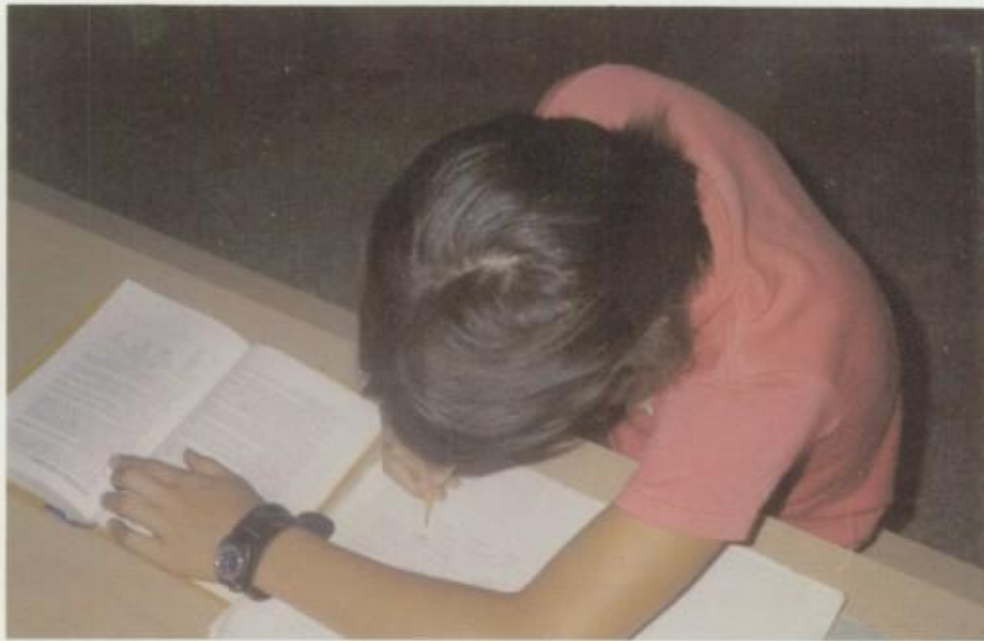

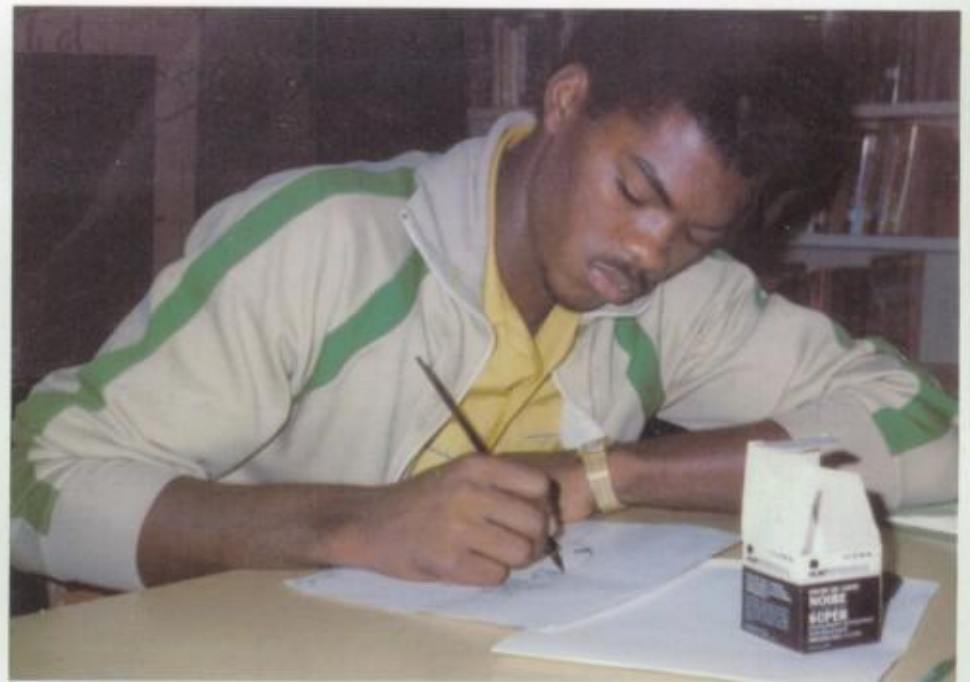

School Days

Regular school days proved to be quite exciting through the year. There were periods of work, play, entertainment and serious business coupled together. Examples of this were the smiling faces of girls kneading dough in Home Economics, the pride of a finished product in shop, or the aerobic dancing in P.E. Students worked at written assignments, library research and note taking during a lecture.

Routine activities were attending classes, clowning with friends, exchanging books at one's locker, and eating lunch.

Entertainment was plays, football games, basketball games and Viking night. One knew that serious business was taking place when the "dope dogs" appeared on campus. Students had a variety of activities during the school week so that "Going Places and Getting There" at MGM was interesting, exciting, and fun.

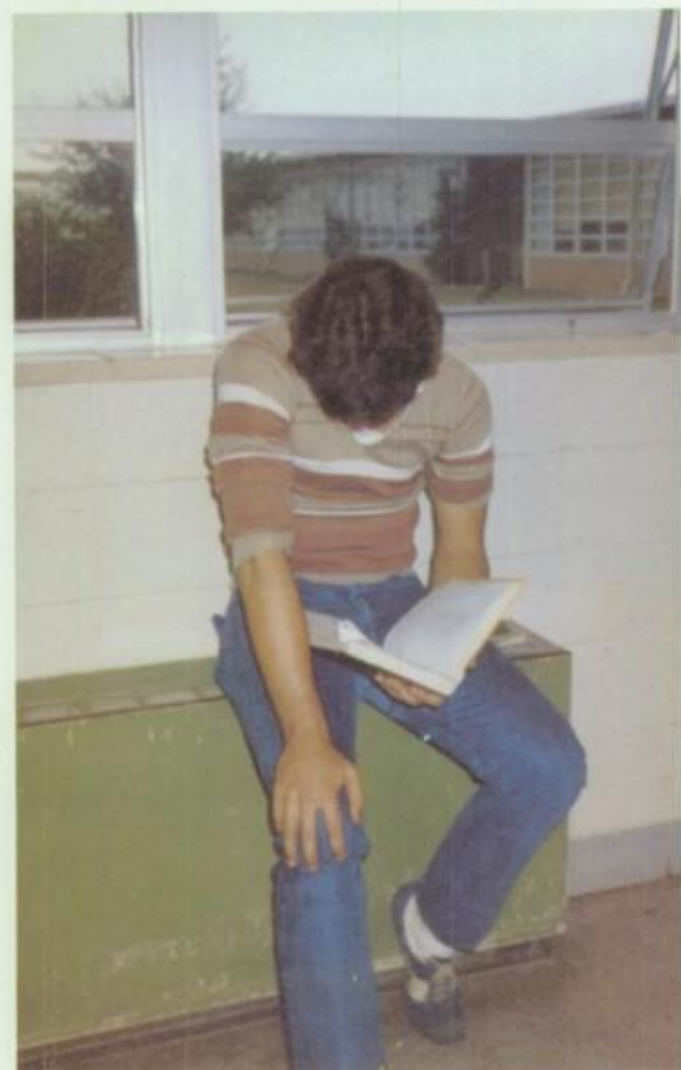

C.A.T.'s Improve

For the first time ever the assistant principal, curriculum specialist and full time counselors were required to teach one class as well as fulfill administrative duties. It was not an unusual sight to see Mr. Romano, Mrs. Hale, Mrs. Carmichael, Mrs. Crawford and Mr. Bedford hurrying to class with an armful of test papers and a grade book.

The results of the California Achievement Test and the county wide Competency Test reflected hard work by the faculty as well as the students. Mary Montgomery's ranking was either above the national norm or on line with the national norm in 35 out of 39 areas. County wide on CAT and competency test scores overall MGM ranked high compared to the other county high schools.

It was evident that Mary Montgomery students had been studying ... they were "Going Places and Getting There" academically.

After School

Play, hard work, fun, and excitement filled after school hours.

Sometimes work even turned into play. The expressions on the faces of students engaged in work exemplify this. Excitement prevailed during work, play, or competition.

Work and fun were coupled together during homecoming. During the decoration of the gym, floats, and hallways. Laughter as well as pain prevailed.

Students enjoyed working hard and playing hard while "Going Places and Getting There" after school.

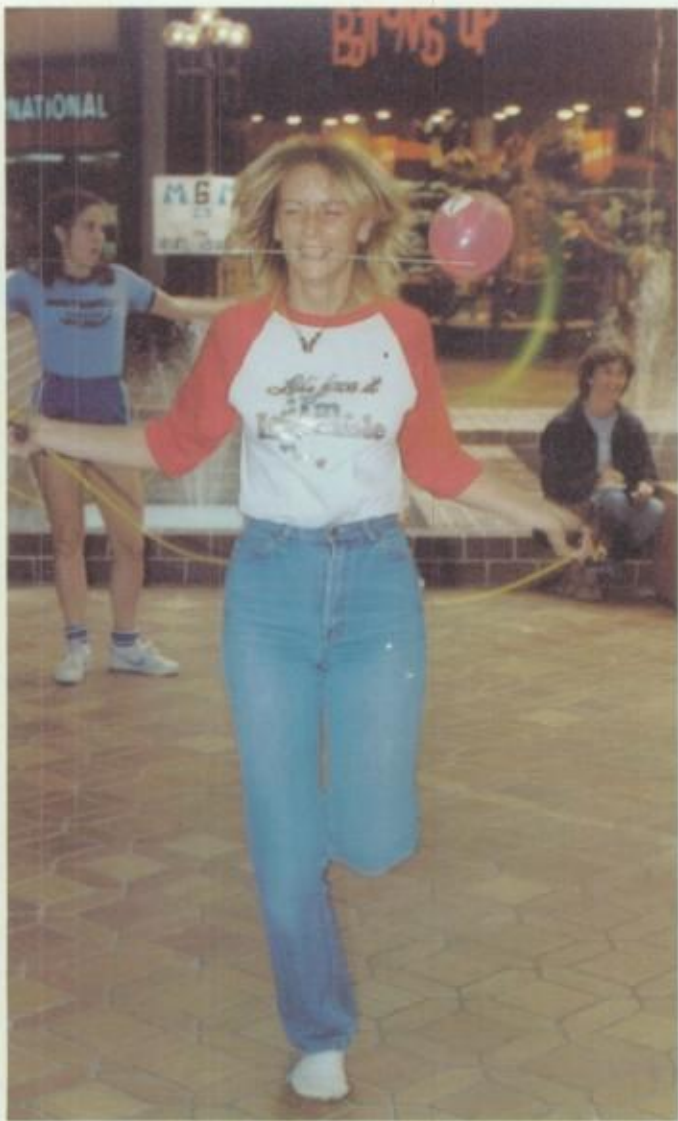

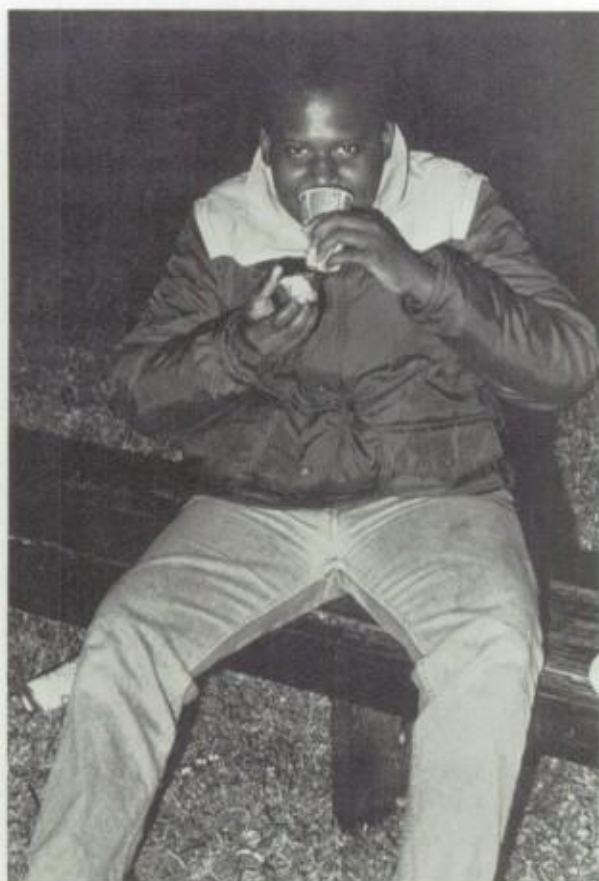

Fashion Fads

Montgomery students were "in" this year with the current fashion fads. They were "Going Places and Getting There" while wearing their knickers ski vests, blue-jeans, fur jackets, high heel shoes, boots, and their many popular T-shirt and tennis shoe styles. Caps were also a noticeable fashion feature. Students would go to almost any length to preserve the forbidden cap. Fashion was the dress that was comfortable as well as the craze in 1981-82 school year.

"Going Places and Getting There"

Student Life

Student life involved being with friends and going places. Whether the day was a day of special events or an ordinary day, activities were varied. Students were busy "Going Places and Getting There." Student life included restful breaks, club competitions, showing spirit, telling secrets, going to classes, listening to teachers, taking tests, and enjoying a few minutes alone. Student life in blue and black was definitely exciting.

Pep Rallies

With all the yelling, screaming and down right begging, the pep rallies could not help the Vikings have a winning season. From week to week students would meet in the bleachers for pep rallies and strain their vocal cords cheering a fighting ball club that never seemed to have a winning score on the score board. Suprise! The Vikings sailed right over the Citronelle Wildcats to win their Homecoming game. Cheers went on as the season ended 2 and 8.

Spirit Week

Anticipation for a Viking victory soared with the arrival of Homecoming. Spirit Week began Monday with students dressed for 50's Day. Tuesday brought cowboy attire into the halls of Montgomery High School, while Wednesday students dressed for Crazy Day in any unusual manner they wished. Thursday was Jeans and Jerseys Day, when girls asked their favorite football player to allow them to wear their jersey. Friday began a big day of excitement for the entire student body with Dress-up Day and the assembly in which the Homecoming Maids were presented. Ann New was voted Miss Viking Spirit by the football players, the team captains were announced, and the annual Homecoming Pep Rally began.

Student Council

The fifty-two members of the Student Council are chosen by their classmates to coordinate student activities. Along with their sponsor, Mr. William Prim, they worked hard to collect \$1275.89 for the United Fund. This group also encouraged sections to fix 10 Thanksgiving Baskets and to spread Christmas spirit at the Christmas assembly. The annual blood drive added 97 pints of blood to the Red Cross Blood Bank. Six students were elected to participate in Youth Appreciation Week in the Wilmer Town Council. To cap off the end of the year the group held an "Everything Dance."

Thanksgiving

Clubs and homerooms made Thanksgiving happier and more fruitful for needy families this year. Baskets were filled with fruits, canned goods and a turkey. As one passed the lobby the Wednesday morning before Thanksgiving and saw all the baskets that students had filled, one's heart could not help but feel warmer to know that Montgomery students were concerned for the welfare of their fellowman.

Fifty-five enterprising young people make up the DECA Chapter at MGM. Under the guidance of Mrs. Peggy Gardner, there were more students than any club in Alabama going to National Competition. Winning was quite common for this club as they had 16 district winners and 11 state winners, not to mention the 6 students that competed nationally in Chicago. For the first time in the school history, this club held a covered dish banquet in the school cafeteria for members, parents, and their bosses. Mr. Michael Bollman, Manager of Sun Ray, was awarded a plaque for being chosen "Boss of the Year."

The Gym Was Transformed Into a Winter Wonderland

Christmas bells were ringing around town, while the "Montgomery Christmas Belles" were young ladies chosen from their respective sections to be call outs at the second annual DECA Winter Formal. The dance was held December 11, in the school gym which had been turned into a Winter Wonderland. For this dignified affair, over 350 students dressed up for the occasion in suits and formal dresses. The highlight of the night was the drawing of a belle's name by Mr. Gardner to see who the Mystery Belle would be. Janice Lockwood was the lucky lady.

National Honor Society

"A wise man will make more opportunities than he finds." This year students in the National Honor Society have had numerous opportunities to display their outstanding abilities. Just being a member was not satisfactory. Students were eager to participate in various activities involving the student body, the community, and the school itself. The talent show with its theme, "To Be a Movie Star," was the big money-raiser of the year. Showing school spirit during Homecoming week, they won first place on their float with the theme, "Vikings Charm the Wildcats." Community events ranged from Thanksgiving baskets for a needy family to Christmas party for special children. The last big event of the year is the induction of new members. Students must remember that hard work certainly pays off!

"To Be a Movie Star"

Dreams of theaters crowded with fans, lights flashing wildly, and chauffeured limousines dominated the stage as the theme "To Be A Movie Star" was carried out. The 1982 National Honor Society Talent Show was off to a great start, as the ten groups of contestants portrayed their favorite movie stars. For the second straight year, Roosevelt Jones stole the show with his enticing talent. Roosevelt performed a mime to the song "Super Love." To see Roosevelt sliver to the floor and back up again was a treat in itself. Taking second place playing "Tell Me Why," the band "Hot Ice" sent the crowd screaming to their feet. Gemma and Divida Glover made the song, "Sweat 'Til You Get Wet," come alive with their giration off and on the floor. The National Honor Society Talent Show is a yearly presentation in the spring. The 1982 VALHALLA Staff

Surprise! The 1982 Valhalla has "grown" to a college size annual and more pages have been added to the book! A first for the Viking Yearbook! However, the new look and size were minor compared to the work it entailed and money that had to be raised to pay for a book of this magnitude.

Staff members were selected in the Spring of 1981 and work began immediately on the 1982 VALHALLA. During the summer months students spent day in and day out trying to sell ads to businesses that Reaganomics had hit. Spirits were not dampened by a "sorry we can't afford to purchase an ad this year." Determined staff members sold \$3,585 worth of ads, attended three different workshops and assisted registration all before school opened.

As the doors of a new school year opened cameras began to click, croppers were sliding and grease pencils were marking pictures. This is all in a periods work for a yearbook staff determined to see that they were "going places" as pages were completed and "getting there" when the book was delivered in September.

Miss Viking Pageant

The smell of hair spray filtrated the air, as fifty-one girls paced nervously, waiting for the pageant to begin. Sponsored by the 1982 Valhalla Staff, this year's pageant started off with "A Salute To America." Fifty-one girls participated in the program, each representing a state in the United States. Each girl was judged not only on Beauty, Poise, Appearance, and Personality but also on the presentation of the state and the originality of their costume. Each contestant strolled past the judges, student body, and parents, while the opening song "This Land is Your Land" was sung by the MGM Chorus. Mr. David "Mickey" Dunaway emceed the program for his tenth year. The panel of ten judges departed to tabulate tally sheets and students returned to class. Anticipation for the winning results to be announced at Viking Night kept students excited the remainder of the day.

Vikings Give Blood to Red Cross Bank

The Viking Times put it mildly when they called February 25 "Viking Bloodshed Day." Twelve gallons of blood was shed in the library. Broken down into pints of blood that was given "that others might live" meant 97 people donated blood. There were 28 more willing givers but they were turned away because they did not meet the standards set by the Red Cross Blood Bank.

D.I.M.U.N.

The fifth annual Davidson Invitational Model United Nations (D.I.M.U.N.) was held at the Mobile Hilton April 12th and 13th, 1982. This was the first year that Mary G. Montgomery participated. The countries represented by our school were: Jamaica, Romania, Hungary, Bahamas, and Australia.

Three students were assigned to each country. Each group of students had to write resolutions to be submitted on the first day when the special committees met. The second day the general assembly met. The resolutions that were passed on the day before were voted on by all the countries during the general assembly. Mary Montgomery also had five students who attended the Model United Nations to prepare for this event next year.

For the second year the DIMUN was held at the Hilton.

Spelling Bee

David Glover missed "exuberance" and Stephanie Ellis won with "epitome." The second annual Spelling Bee was held on February 15, 1982, during the third P.T.A. meeting of the year.

The first round of competition was written. The contest started with 120 students on November 30, 1982. Participation was narrowed to 58 students in the second round which was held on December 17, 1981. Eleven students were eligible for finalists.

Stephanie Ellis won for the second year in a row and advanced on to the District Spelling Bee. She received a \$50.00 savings bond for her outstanding spelling.

Another winner at the P.T.A. meeting was Pam Overstreet. She read 70 books for Leukemia. Pam won a radio, a T-shirt, and a certificate.

The winner for the second year was Junior Stephanie Ellis.

Pam Overstreet was the winner of the Read-O-Rama Award.

Mu Alpha Theta

During the past school year, Mu Alpha Theta competed in the Lurleen B. Wallace Jr. College Math tournament on Feb. 5-8 with 6 members competing and the Gulf Coast Invitational math competition on April 3, 1982 with 14 students competing. The geometry team placed second in the Gulf Coast and first in State competition. The advanced team tied for third place and received an invitation to compete in the second part of the state competition in Birmingham.

Band

Approximately 128 band students started practice the first of July. They were striving for musical and marching perfection, and made it. The band was rated excellent in the Deep South marching Contest at Ladd Stadium and rated excellent at the District Band Contest held at Murphy.

During the year they played at 10 football games, marched in 3 Mardi Gras parades, participated in the All State Music Festival, gave a Christmas and Spring Concert, held 2 Barbeques to raise money, and went to Daytona Beach, Florida for 4 days to compete in a band contest.

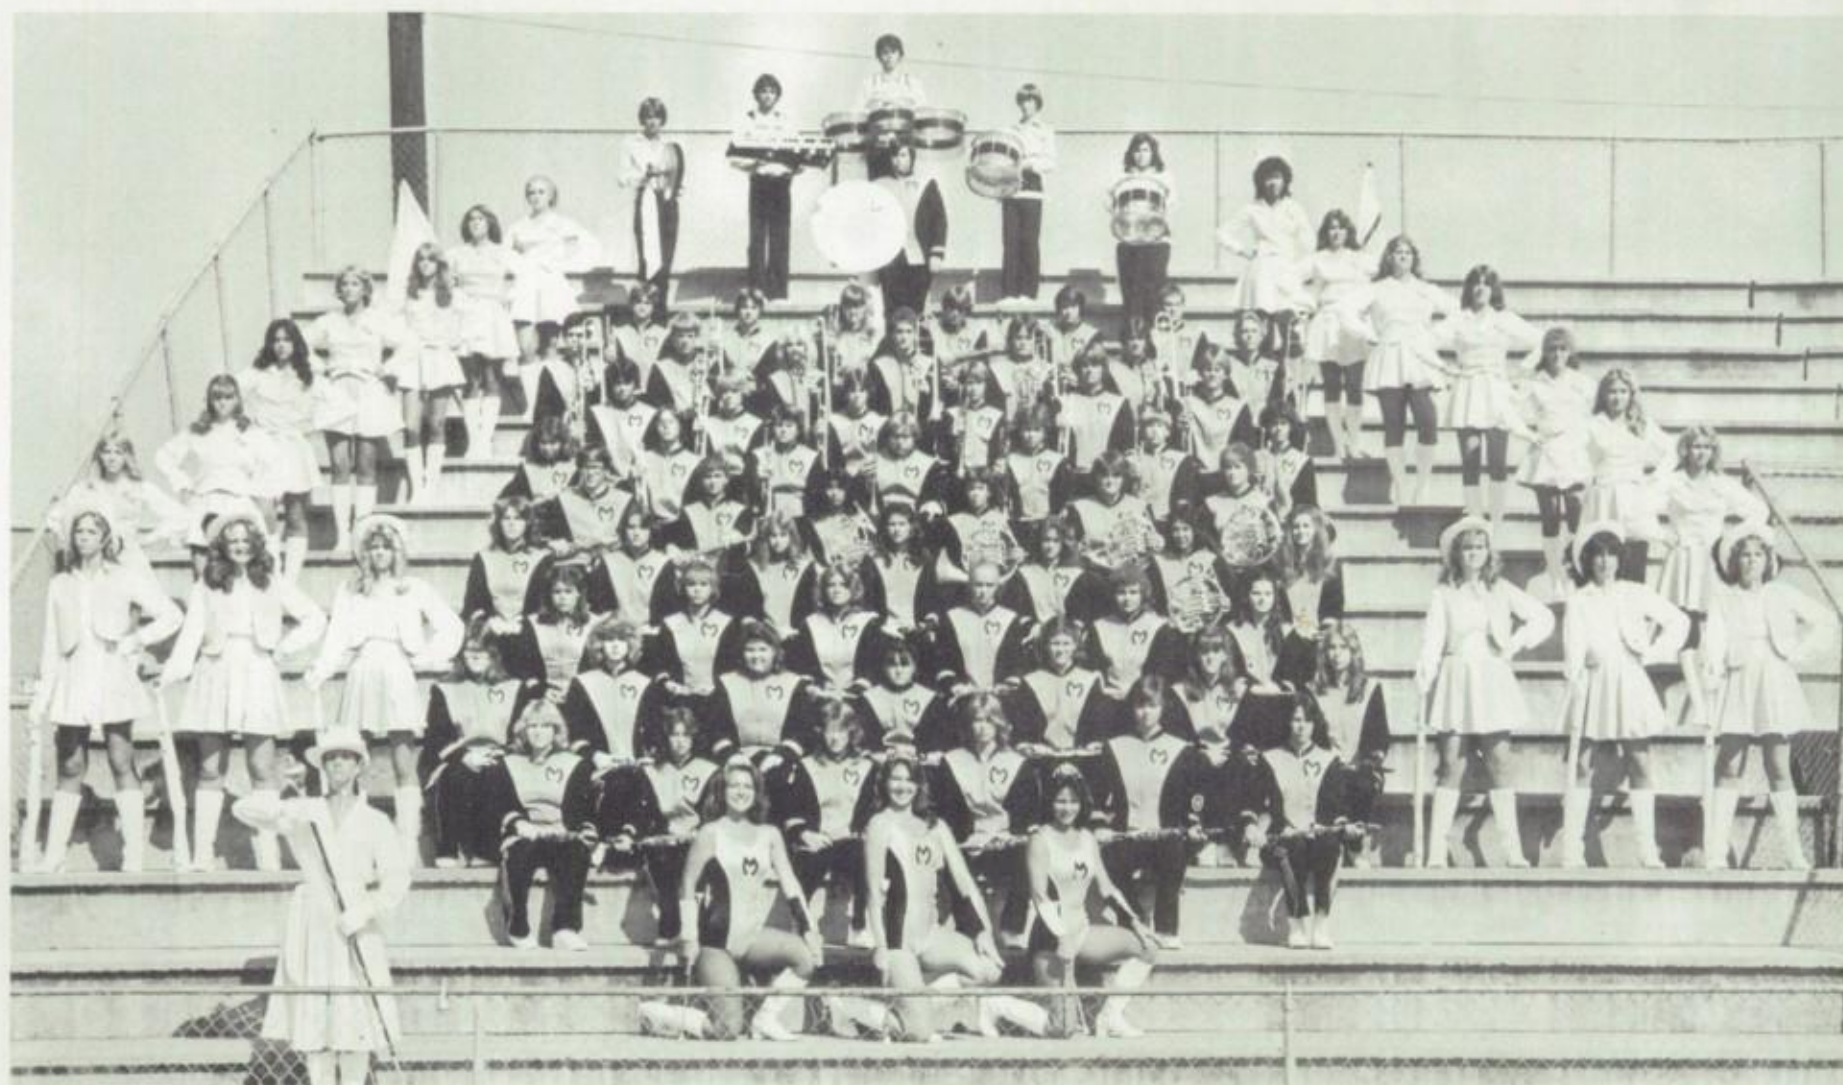

For the first time in the history of the school, a rifle corps was organized consisting of 6 girls. They won a superior rating during the Heart of Dixie Auxilliary.

It was apparent that the MGM Band was "Going Places . . . and Getting There."

The year ended with more fun and recognition with a banquet at Korbets on May 21st, and a band pool party May 29th.

Among the challenges was the Landmark visits, the Fashion Show, caroling during Christmas at area nursing homes and hospitals, distributing Thanksgiving goodies to the needy and a Beautification Workshop at Toulminville Public Library.

The club also made a visit to Auburn University and West Point Dam which was not on the trips agenda but was visited because of the members interest.

Viking Times

Revitalized last year the Viking Times, the school newspaper, took on a new look and a new name. The original newspaper was called The Vega. Twenty five members publish the paper once a month. To save money and utilize our school copier the paper was xeroxed in the office. The end of each month staff members can be found working hard into the wee hours of the night typing, running off and folding the paper. For the price of 25¢ an issue, students can be informed of school events while giving staff members experience in journalism.

Future Homemakers of America is one of the larger clubs at Montgomery, boosting a membership of Forty-five members.

During the year, mainly before holidays like Christmas, Thanksgiving and Easter, they had bake sales. They took orders for cakes, cookies and cinnamon rolls. This money was used to finance their trip to Auburn University for Career Day.

Ceramics was their big project for the year and they displayed their works of art at Semmes and at the MGM P.T.A.

Homecoming brought them a second place in the float contest. On cleanup day their part was to get the school cleaned up spic and span. Then came teacher appreciation day and goodies were placed in the lounge all day. With the money they made from selling candles they made a contribution to the Cambodian-Laotian language school.

The club participated in 23 contests in the District V Skill Olympics, March 25 in which Jim Chatom, Robin Ledbetter and Cherie Jordan presented a scrapbook and won 1st Place in for the most outstanding Club. The club ended the year by participating in a State Leadership Conference in Birmingham April 23-25.

Members got in the Yule tide spirit by painting ceramic Christmas ornaments for all the teachers and staff. They decorated a Christmas tree with ornaments in the teachers lounge. They set up a small craft shop in the cafeteria the week before Christmas holidays. During clean up day the members painted numbers on the side of the portables which was a large undertaking. They also participated in clean up day by washing windows, picking up trash and weeding around the portables.

Jump Rope for Heart

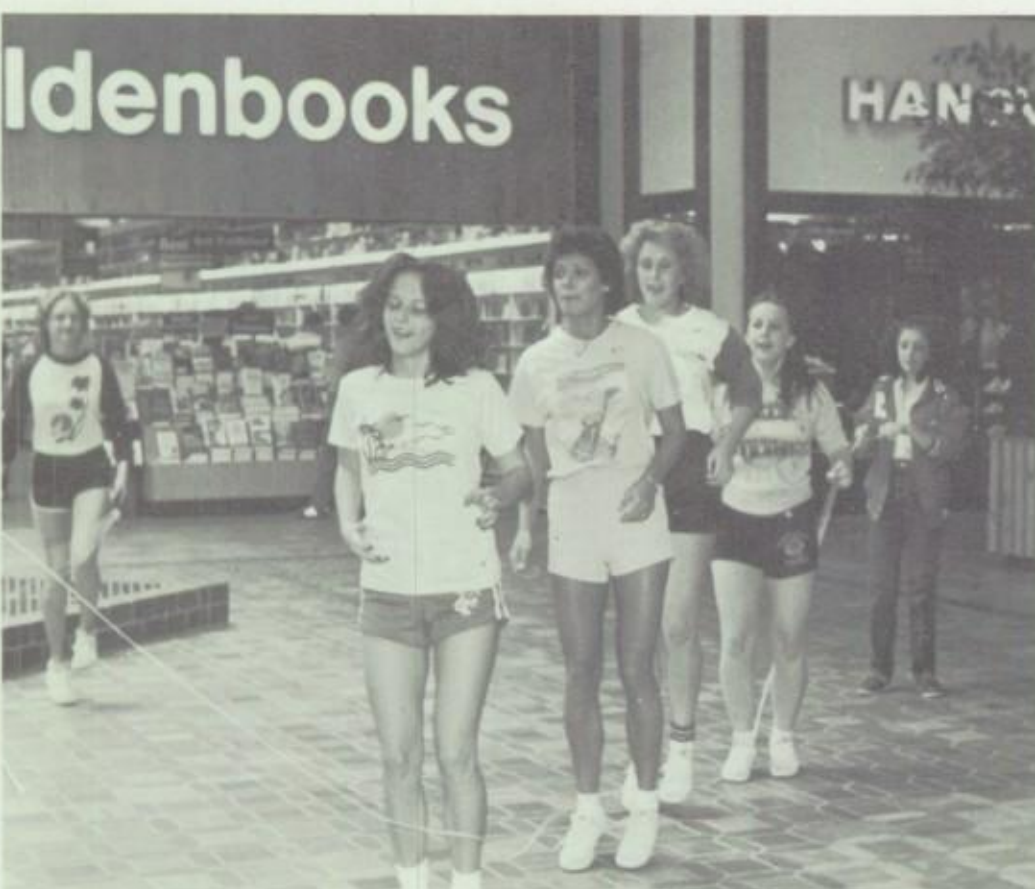

"Jump Rope For Heart" on November 11, when 18 enthusiastic Physical Education students, two teachers, three parents and six student volunteers met at Springdale Mall to raise money for the American Heart Association. Warm up suits were awarded to one team of six girls that raise \$397.45. Jackets went to the two girls who raised over \$100 each and T-shirts to four girls that raised more than \$20 each. With the help of the VICA CLUB who donated \$200, Montgomery students won their challenge to raise more money than any other high school in the country. Our goal was \$600 but the team raised \$983.75.

Going Places and Getting There

SPORTS

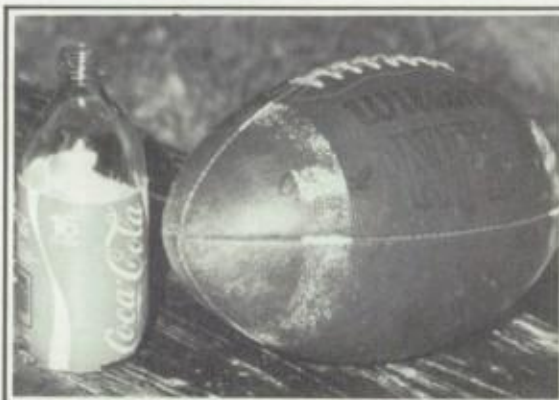

Sports participants were constantly on the go giving 110% of themselves in practice, on the field or on the gym floor wherever their competition was held. There was much excitement as the new Victory flag was raised for the first time in honor of the volleyball team's victory over Vigor. From there on girls' sports all had winning seasons, another first at Montgomery. As the excitement mounted throughout the year, the boys broke into the winning streak and Montgomery athletic teams proved they were going places and getting there through sweat, tears, practice, and a year to be winners. MGM players were winners and kept good sportsmanship in mind.

Going Places and Getting There

FACES

Facial expressions were varied throughout the year. Smiles and laughter were seen and felt as were fright, worry, or tears. At break times students had fun, were silly, and tried to act cool. Naturally, however, there was a serious side to student life and expression as well. A trip to the office could mean trouble, worry, tears, punishment, or a serious business talk with one of the administrators.

Students were "going places and getting there" throughout the year. As the year ended it showed that Montgomery seniors had gone places, too, and finally got there ... to Graduation this is!!!

May 8, 1982 was the big night for the Junior-Senior Prom held in the Grand Ballroom at the Mobile Hilton. The room was filled with an array of Formal Wear, bright evening dresses, and tuxedos. Queen of the Prom was Nan Morris and her Lady-in-Waiting was Stephannie Baxley. Mr. Black presented these lovely young ladies with roses.

Each year the teachers are asked by the VALHALLA Staff to submit names of students in their classes who have excelled not only grade wise but also have made special contributions to their classes. These students were recognized at Viking Night and presented a scroll by principal Mr. Lloyd Black. There is no real limit to the number of students that can be recommended by a department. However, they must have maintained a high grade average in the subject.

Azalea Trail

"Imagine driving down the highway with ruffles up to your ears, wondering why the motorists are looking at you.

There were many comical as well as challenging moments while being an Azalea Trail Maid. Learning how to get into a car with a hoop skirt, stop for a quick hamburger when you are starved, sit in a chair and still manage to be graceful, or when you've made an appearance on time and then realize that you forgot your pantaloons, were a few among the many challenging moments.

Mary G. Montgomery High School was represented by four young ladies in the 1982 Mobile Azalea Trail and Festival. Melinda Breland, Diane Irby, Daphne Lord, and Glenda Morris spent the year promoting tourism for Mobile with lots of "southern hospitality."

Senior Play

Lights flashing wildly, dogs howling, and the eerie sounds of the night make the old house seem even more frightening. Certainly it was not an appropriate place for strangers to stop for the night. The deformed shape of a man lies on the table as the first scene of the Senior Play opens on the stage.

The Seniors of '82 decided to take a new approach to the Senior Play. Instead of the usual country-hick rigamarole, they produced a horror presentation — "Frankenstein Slept Here."

Jacqueline Hyde, The cat, Medusa, and the Phantom Bride await the arrival of Hanna Hoople.

The Baroness reminds Igor not to touch Frankenstein.

After breakfast, seniors discuss graduation celebration plans for the beach.

Hungry seniors go through the breakfast line at Morrison's.

1982 Graduation

As the last graduate walked across the stage, shouts rang out, and confetti showered down on the Seniors of 1982. As each Senior walked out of the Mobile Municipal Auditorium on the night of June 1, 1982, they realized that they had to make that first step into the future.

The Seniors of 1982 will be able to cherish the memories that they left behind at Mary G. Montgomery. All the excitement of receiving caps and gowns, signing memory books, practicing line-up (and getting it right the first time), Senior Honor's Day and Picnic, and finally Graduation Day, will find a special place in the hearts of the Seniors of 1982.

The class motto certainly fits to perfection: "The past is my heritage, the present my responsibility, and the future my challenge."

Seniors realize that "this is it," as they prepare for that Graduation Ceremony.

PLATFORM GUESTS — Mr. Marvin Turner, Ms. Grace Cromwell, Mrs. Rosalind Hale, Mr. George Ramano, Mr. Hiram Bosage, Mr. L. A. Landrum, Dr. Edward White, Mr. Lloyd Black.

Deanna Andrews asks Bo Davidson about caps and gowns.

Going Places and Getting There

FACULTY

A school day for faculty and staff includes other activities besides lecturing and grading papers. A typical morning in the office includes friendly discussions as well as staff workers engaged in serious business.

A lunch break is a sociable and relaxing time for teachers while bathroom duty is a must.

After school activities for Coaches include regular practice sessions as well as irregular activities such as marking off the football field or mowing the grass.

PTA meetings are held four times a year at MGM. Occasionally they will have a celebrity to attend, such as the Mobile County Public School Superintendent, Dr. Abe Hammons.

ADMINISTRATION

Principal Mr. Lloyd Black

The only great grandfather at Montgomery High School this year was our Principal, Mr. Lloyd Black. His responsibilities are numerous. He is directly responsible for the complete operation of the school and its employees. You can find

this busy gentleman moving around the school chatting with students, observing teachers, visiting class rooms or meeting with parents to help work out their specific child's problem. However, before and after school hours follow the smell of pipe tobacco and you will find Mr. Black with his closest companion, his pipe.

Assistant Principal Mr. George Romano

Thank Youuu! the familiar voice that Montgomery students heard each morning after the announcements was that of "the man with the mustache." Mr. George Romano our assistant principal could be found going beyond the call of

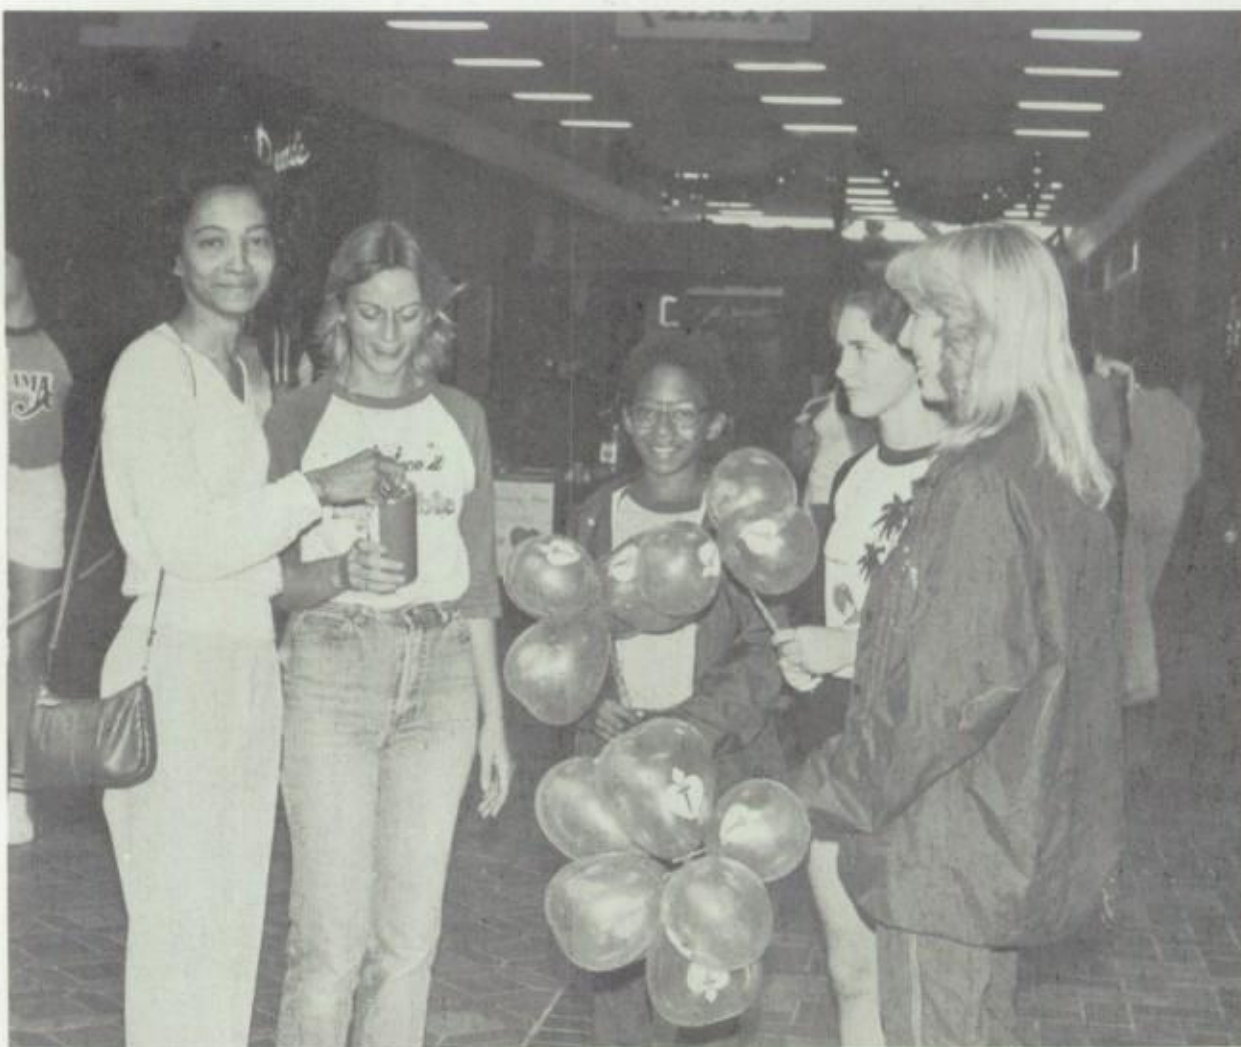

duty as he worked the coffee machine at the consession stand at the ball games.

The highlight of this year for Mr. and Mrs. Romano was Mrs. Romano receiving her American Citizenship as she was a native of Germany.

CURRICULUM SPECIALIST

Mrs. Rosalind Hale

Along with serving as full time Curriculum Specialist, Mrs. Rosalind Hale also taught a math class fifth period. After she completed her regular duties of helping teachers schedule workshops or planning the P.T.A. program, Mrs. Hale could be found writing letters or "begging" for money to help in her new project of getting four senior girls ready to attend the Presidential Class Room held in Washington D.C. This was the first time Montgomery Students were given this experience thanks to Mrs. Hale's efforts.

COUNSELORS

Mr. David Bedford, Freshman Class

Mrs. Virginia Carmichael, Department Chairman Sophomore Class.

Carrying books, tests and grade books was "the new look" for M.G.M.'s guidance counselors this year. Mrs. Patricia Crawford the Junior and Senior's counselor taught a sixth period Math class.

Mrs. Virginia Carmichael the Sophomores counselor taught accounting. Mr. David Bedford behind the "new look" of a beard taught math. Before and after their classes these three counselors were responsible for administering the California Achievement Test, P.S.A.T. Test and working with their assigned classes on schedules, career choices, and choice of studies. The counselors would meet with each student assigned to them to see that they were taking the correct subjects for graduation or making up classes they had failed.

Mrs. Patricia Crawford, Senior and Junior Class

Going Places and Getting There

ADS

Advertisements proved to be an important part of the yearbook. Students were "Going Places" selling ads long before school let out in May of '81. Without the encouragement and the support of the local community and businesses the VALHALLA production could not have been expanded to a college size yearbook. The financiers played a large role in the VALHALLA size "Getting There."

MRS. VIRGINIA T. FREEMAN is a stately lady whose life radiated unselfishness and courage. She has been an inspiration to others she has come in contact with. This lady with a smile and cheerful word for everyone has been a member of the staff of Semmes High School and Montgomery High School for the past 24 years. June 30, 1982, she retired from our school leaving behind friends that will certainly miss her. In retirement she plans to play alot of golf, clean out her attic, and take a cruise in December with Mr. Freeman. Everyone at MGM wishes her and Mr. Bill Freeman a happy long life in their well earned retirement.

"Going Places . . .

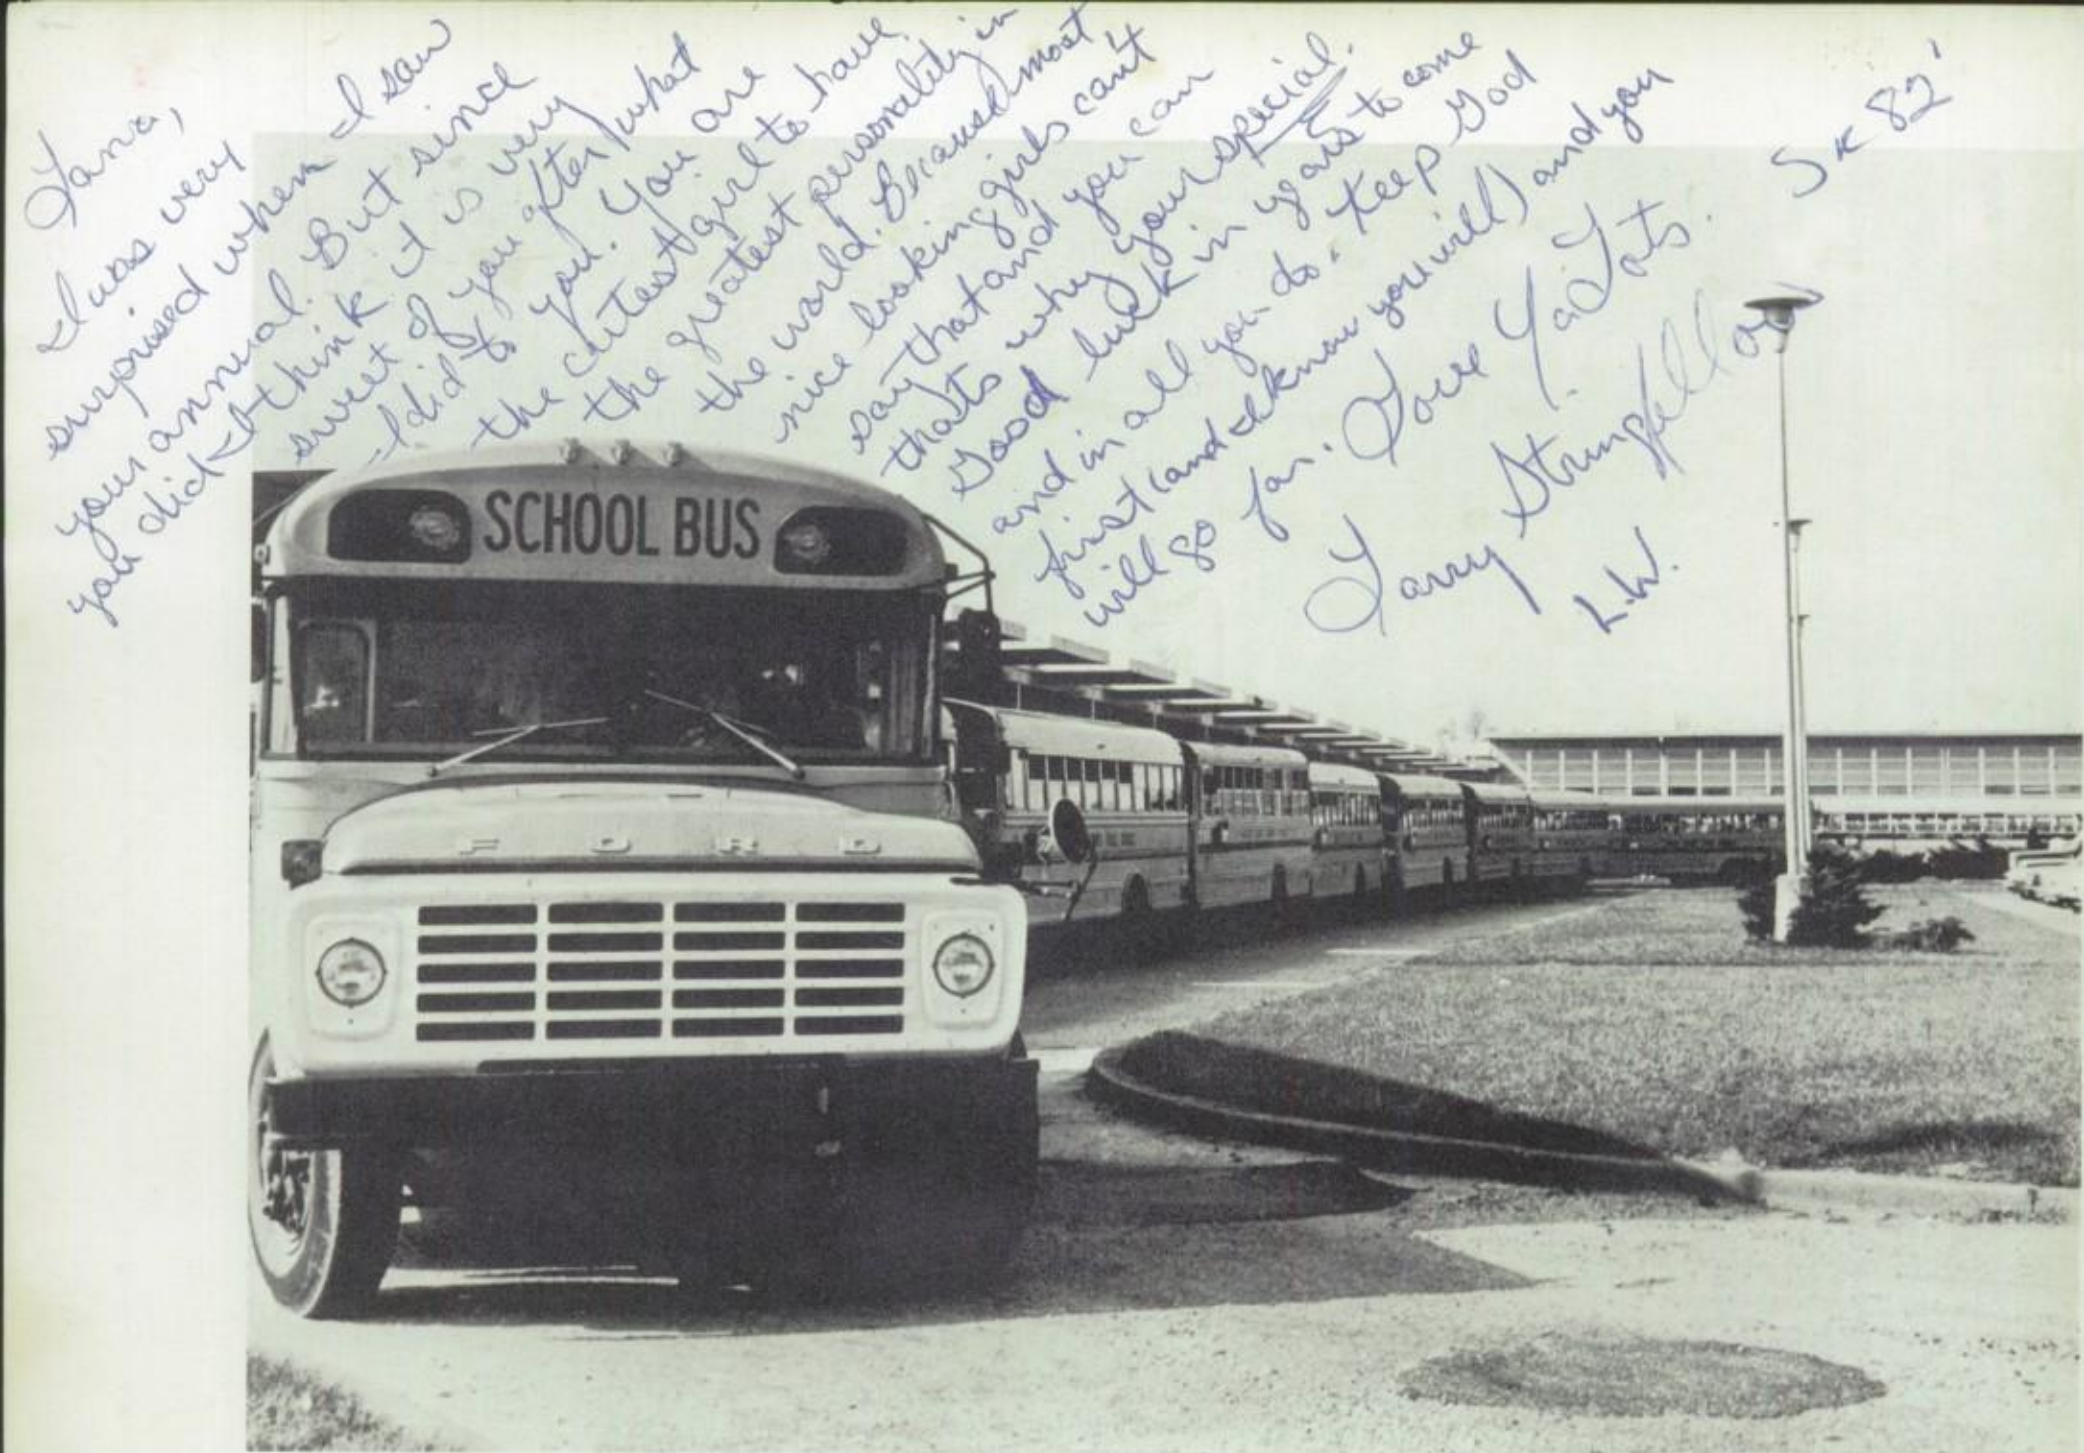

... Getting There!"

Organizing a yearbook is much like a journey through a new place; one never knows what to expect until it happens. Thus we chose the theme, "Going Places and Getting There." A yearbook is a history book that requires a concerted effort from many devoted people, and without the cooperation of the 1982 Valhalla Staff, this year's annual staff, would not have been a success.

Also, special thanks goes to: Mr. Black, Mr. Romano, and our faculty for their support; McEachern's of Mobile and Taylor Publishing Company for pictures and ideas; Mrs. Burch and Miss Foster, our sponsors, for their patience and understanding; and very special thanks to my parents, Mr. and Mrs. John Alvin Gaston, for their concern and encouragement. Through hard work and determination, with the support of all these people, we have pulled this year's annual together into an accurate account of the 1982 school year at Mary G. Montgomery High School.
